

Pilgrim Days 2019 Workshops

The **scallop shell** is one of the main symbols for a Pilgrim. They were easily picked up on the Spanish shores of Santiago where many pilgrims visited.

Stepping **back in time** we experience entering into an impressive building. One so fine and majestic – unlike anything you will have seen before. Themed quotes can often inspire and motivate us!

Signs and symbols can help us see the way ahead and **keep us on track**. Veering from the path can be exciting too, as long as we are prepared, strong and safe.

Stepping back in time we learn how a **life devoted to God as a Prior** has many rituals, rules and teachings. Build bridges in exporting goods to other countries. Money can make a large difference to your health and well-being in life.

We can all leave something behind and we all **make an impression** or an **imprint on life**. Choose what you want people to see and put the best of you forward. Textures can be used in art.

As we live our lives we have many choices to make on the path we choose. Many people have **documented their travels**. It is important that we **take the right equipment** and resources for the journey.

Early books are important documents to preserve. Much of our early history has been written down for us, to learn from - a time when photographs and videos were not yet invented. How can you document *your* history?

***Task* - Chat with your class mates and decide which set of learning criteria statements you think links with each workshop?**

What might you take on an expedition?

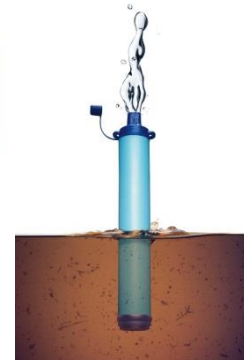

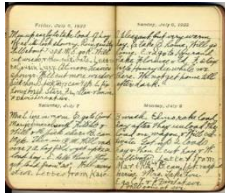

It all depends on where you are going!

- Think about: the environmental factors - safety, travel needs, food, and shelter - chose the 5 most important things to take. Wil it change for another destination?
- How will you record the journey for other to learn about?

Pilgrim Symbols

Signs and symbols are easier to recognise than text? Why is this?

Pilgrims have adopted many symbols over the years. Can you design a Pilgrim Badge with a logo that encourages people to be adventurous?

Do you know
what any of
these mean?
