

# LIGHT OF HOPE

## Engagement Pack

Peter Walker Sculptor

Through our 'Light of Hope' project we invite you to explore the great power of light over darkness; to think about how light can bring new colour, how it brings new life, and how it always bring hope.

We've had some tough times this year. At times it might have seemed a bit hopeless, gloomy or dark but this project reminds us that the light always replaces the darkness.

This engagement activity allows people to take an active part in this large-scale nationwide artwork, created by Peter Walker Sculptor.

Join us on this journey from darkness into light.

“For with you is the fountain of life; in your light we see light”

# The Activity - Making a Jar Lantern

The decorated jar can be displayed at home in windows to mark All Saints Day on November 1st, as we remember people whose lives have shone brightly with love, and All Souls Day on November 2nd as we remember our own loved ones who have died. The lantern can go on shining throughout Advent as we prepare for the birth of Jesus, light of the world.

## Resources Required

- An empty clean jar
- Tissue paper
- PVA glue
- Paint or permanent pens for decorating
- Tea light (battery powered LED)

## Step 1

Cut out shapes from the tissue paper and stick to the **outside** of the empty jar. The design can be simple or elaborate!

- ◆ Make sure only the outside of the jar is decorated!

## Step 2

Once the glue is dry, the outside of the jar could be further decorated with words of hope, thoughts or prayers using paint or permanent pens.

## Step 3

Display the finished lantern at home throughout Advent! Please note we're recommending electric tealights not naked flames.

- ◆ Please share a photo of your lantern via
- ◆ #LightOfHope

Share photographs of your Light of Hope lanterns on social media to mark All Saints Day and All Souls Day on Nov 1st and 2nd and through out Advent to unify the Lights of Hope shining across the country. Please use the hashtag
